

SMARTSTACK® 300 MM SECONDARY PACKAGING

*Safely protect and transport finished wafers
in full, thin or ultra-thin thicknesses*

Overview

The SmartStack® horizontal wafer shipping system is designed to reduce wafer breakage, die bond corrosion and particle contamination, increasing IC fab yield and profit.

Entegris' SmartStack secondary packaging is convenient and simple to use, adding an additional layer of protection to maintain wafer integrity during transport and shipping.

Features

- 1-pack system holds one 300 mm SmartStack canister
- Passes ISTA-2A drop test
- Accommodates SmartStack 300 mm canister
- Order online at www.devicecare.com, with tools to help optimize your SmartStack system

Package Components

- Shipping box
- Cushion
- MB bag

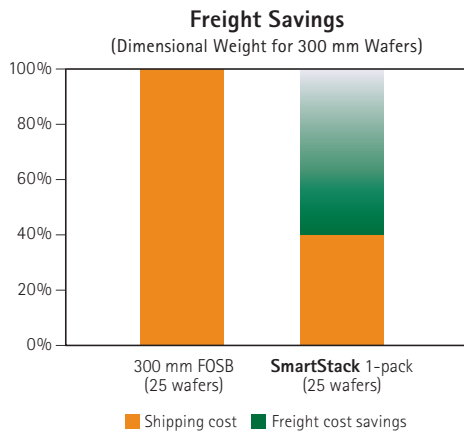

Items are sold separately and case quantities vary. Contact your Entegris Regional Customer Service Center for details.

1-pack system
